

Poetry Jitters

Posted by Pat Potthast

A. Starter Idea Choose an emotion and a color you think symbolizes that emotion. Use the following model.

(An emotion) seems (a color).
Like (a comparison)
I see.....
I hear.....
I smell.....
I touch.....
I taste.....

Loneliness seems golden yellow.
Like the colors a fall day brings
I see leaves of bright red and burnt orange
I hear birds stirring in the trees
I smell burning leaves as they end their lives.
I touch no one for I am all alone.
I taste the salt of my tears.
